Leidos Health has a versatile Allscripts™ (including Legacy Eclipsys) practice with consultants whose application expertise and industry backgrounds can bring proven experience to your team. Directly or through our Allscripts relationship, we can help you tackle current demands while preparing for future challenges with implementation resources, optimization assistance, staff augmentation, integration, custom report writing, MLM's, training, and knowledge transfer.

Our practice focuses on working with healthcare teams' net new installs and upgrades to the Allscripts Sunrise suite of solutions as well as Legacy System support.

## ABOUT OUR ALLSCRIPTS PRACTICE
