**Westfield, IN — December 2011** — maxIT Healthcare, a leading information technology professional services firm for healthcare providers, is ranked as the Top Overall Professional Services Firm in KLAS Enterprise's 2011 Best in KLAS Awards: Software and Services report. Published annually, the report ranks vendors in key market segments of the healthcare information technology industry.

"I'm so proud of all of our employees for contributing to this award. We built our company on the premise that if we hire smart, experienced professionals and take care of them, they, in turn, will take care of our clients.
